Welcome to MAHU

EN

Your digital business card is ready. Follow these steps — it takes 5 minutes.

Your login

Website	**call.mahu.cards/login**
Username	**your email address**
Temporary password	`mahu1234@`

Scan to log in

⚠ **The first time you log in, MAHU asks you to replace it with your own password (step 2).**

1. **Log in**
   Open **call.mahu.cards/login** (or scan the QR code), enter your email and the temporary password.

2. **Choose your password**
   The first time you log in, MAHU asks you to choose your own password (at least 8 characters). Later: **Paramètres** → **Changer le mot de passe** (Settings → Change password).

3. **Complete your profile**
   Mon Profil → **Images**: your photo and a cover. **Informations**: name, job title, company, phone. Then **Sauvegarder** (Save).

4. **Add your social networks**
   Mon Profil → **Liens sociaux** → **Ajouter**. Pick WhatsApp, Facebook, Instagram, TikTok, Snapchat, YouTube, LinkedIn, X, Telegram... paste your link and **Save**. The icons appear on your card.

5. **Share your card**
   Hold the card near your contact's phone (NFC, top back of the phone) or let them scan the QR code. Your link is also in **Tableau de bord** → **Partager** (Dashboard → Share).

6. **Contact form & private mode**
   In **Mon Profil**: turn on the **contact form** to receive visitors' details (by email and in **Mes Contacts**), or **private mode** to hide your number.

7. **Track your statistics**
   The **Tableau de bord** (Dashboard) shows how many people viewed your card. **Mon Profil** → **Apparence**: change your card colour.

Good to know

- Change your number or networks at any time: the card stays the same.
- Android: turn on NFC in settings. iPhone: hold the top of the phone near the card.
- Lost your card? Call us: we block it, your profile stays safe.
